APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to all existing rights on the source. A substantial headgate and measuring device must be installed and maintained to facilitate the measurement and control of water. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.

The use of this water is limited to the period June 1 to September 15 inclusive each year.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 0.057 cubic feet per second, but not to exceed 11.96 acre-feet per season.

Work must be prosecuted with reasonable diligence and be completed on or before July 10, 1989

Proof of completion of work shall be filed before August 10, 1989

Application of water to beneficial use shall be made on or before July 10, 1991

Proof of the application of water to beneficial use shall be filed on or before August 10, 1991
